

# Borough of Milford

Commonwealth of Pennsylvania

## Statement from Mayor Strub and Milford Borough Council

*Milford Borough unequivocally condemns the senseless and irresponsible violence and destruction that unfolded last week in our nation's Capitol and that we have recently seen in some cities throughout the USA. The First Amendment of the Constitution bestows the right of the people to peaceably assemble, but what has transpired in Washington and elsewhere was lawless and shameful. Violence of any type cannot be condoned nor especially allowed to threaten the peaceful transfer of power that is a cornerstone of our Democracy.*

*We want to express our appreciation to the Pike County Commissioners and other local elected officials who have spoken out in opposition to political violence and we implore their colleagues at the Federal, State, and Local levels to carry out their sworn duties to the people of the United States of America.*
