This subdivision plan and lot improvement dated 4/11/22 by surveyor Christopher Rinaldi has been approved by both Milford Township and Milford Borough. The subdivision creates a new lot 2 consisting of 0.6831 of an acre. This proposed lot 2 is under contract of sale to the the adjoining residence owners Lucas Turano and Krista, his wife, pending recording of that approved plan.

The plan contains the Note as follows: 2. Proposed lot 2 is not to be used for residential purposes. Lot 2 shall be combined with lands of Turano (Lot149-A Plat Book 44 page 108). The lot Combination process shall commence within 90 days of subdivision approval for the Borough of Milford .

The O'Neals and I have been working diligently to close title. However, the corporate mortgage holders on the total property have excessive requirements for appraisals and other hoops to get a releases of Mortgages including before and after appraisals .All their requirements are being worked on as fast as possible.

Additionally, surveyor Rinaldi is doing additional field work necessary for the Turano Lot combination and will be presenting this ASAP to the Borough (Lot 2 is in the Borough)

Please consider this email as a request for the Borough to extend the 90 period of time to finalize the Borough approvals and closing of title until the administrative tasks as set forth above can be accomplished.

The O'Neals and Mr.Rinaldi will keep the Borough informed of progress on monthly basis .

If there is anything else that you or the Council requires please let me know.

We appreciate your opinion and the Boroughs consideration of this request.
